ARBOR DAY was observed by Oakland Grade school children and members of the Antioch Garden club at a tree planting ceremony held last Friday morning on the school grounds south of the building. The oak tree about 10 feet tall was put in place by school children after hearing brief remarks by president Mrs. Norvin Stoffel of the Garden club; principal Clifton Houghton of Oakland school and grade school superintendent Richard Whitacre. A dark misty day failed to dampen the proceedings. (Antioch News photo)

Grade School Children Take Honors At State Contests Held at Ashton

Antioch Grade school band won a state title in contests held last Saturday at Ashton—the fourth such title in a row.

Solos and ensembles participated the same day and received 15 firsts and a second.

George Olisar, band director, said that this was the best showing the local soloists and ensembles ever made in a State of Illinois contest.

One of the ensemble judges stated afterward that the Antioch children "are well trained in fundamentals and perform with much musical maturity."

Soloists received firsts were Andy Wosley, cornet; Nancy Kufalk, Carol Gillo and Soniya Eliechek, clarinets; June Behrens and Juanita Gillum, oboes; Gloria Wiegand, flute; Kathy Schimmel, bassoon, and Judy Stoffel, bass clarinet.

Ensembles received firsts included:

Brass quartet (John Olisar, Sandra Sawusch, Jim Edwards, Victor Rogers); French horn quartet (Gay Bruhn, John Horton, Kathy Palinski, David Mair; alto sax duet (Diane Hedlund, Mickey Jonas).

Also brass sextet (John Olisar, Sandra Sawusch, Jim Edwards, Gay Bruhn, Victor Rogers, Bill Eckert); Woodwind quintet (June Behrens, Susan Polley, Barbara Close, Ernest Westlund, Kathy Schimmel; clarinet duet (Juanita Gillum, Roberta Brandt).

Ensemble receiving second division was the oboe duet of Juanita Gillum and Roberta Brandt.

After a busy day was over, the entire group of 75 local band members and 30 parents left Ashton, stopping at Creston for supper at a pre-arranged location. Norvin Stoffel handled all details for the supper party.

At the party, gift pins with school band name and graduating date engraved on them, were passed out to the eighth graders. Olisar then was presented by eighth graders with a gift in appreciation of his work.

When the convoy of buses and cars reached Barrington, they were met by Lake county sheriff's officers and escorted into Antioch.

2-Car Crash Near Trevor

TREVOR, Wis. — Four persons were reported injured in a two-car head-on collision on the Wilmet road about 2 miles west of Trevor early Tuesday evening, Kenosha county sheriff's officers reported.

Rescue squads from Antioch and Silver Lake were among those taking the injured to Kenosha hospitals.

A man in one of the cars was reported the most seriously injured. Two persons were in each vehicle which crashed together near the cement plant on the Wilmet-Trevor road.

Unofficial reports said the Silver Lake rescue squad was the first on the scene.

Further details and names of the people in the vehicles were not known as of Wednesday noon.

Boom Heralds C. D. Practice

That loud boom you heard early Monday evening in Antioch was not an auto crash, a plane breaking the sound barrier or a major explosion.

It was a "Fourth of July" rocket set off in the Antioch parking lot as part of the civil defense practice alert that evening in this community.

Earlier the sirens had sounded the warning of "approaching planes", on which all fire, rescue squad and police equipment sped outside the village limits to "take cover".

Then off went the rocket to signal a bomb had been dropped.

Back sped the fire apparatus, rescue squad equipment and police cars to the parking lot where their crews were ready to take care of any trouble.

John Horan, CD director for Antioch, supervised the test.

Many of the firemen wore protective coats and hats during the test.

The first signal was sounded at 7:58 p.m., the bomb was made about 8:10 and by 8:30 all equipment had returned to quarters.

Antioch's practice was part of a nationwide test in civil defense.

Go-Kart Track Plan Given Village's Okay

Lack of Labor Seen for New Sewing Company

Seymour Gras of the Active Specialty Co., of Antioch told the Antioch village board last night there aren't enough employees available around here to supply a second sewing firm.

The local chamber of commerce has been promoting a plan to bring in a sewing firm to Antioch.

Gras said there is a good source of other kinds of labor here with so many working in Kenosha at Nash Motors and at Johnson Motors in Waukegan if such employees are ever needed.

But he claimed that the type of labor needed in sewing companies such as his and the one believed to be interested in coming here, is scarce. If a large number was required, it would have to be brought in from elsewhere.

The part owner of the local firm cited that the company has an annual payroll averaging \$200,000 a year and has been here 8 years. He said it purchases every possible supply in Antioch.

Gras said that his firm's lease on the building on Broadway will be up soon and it is a question of whether the Active Specialty Co. should build a structure of its own or renew its lease.

He suggested that the village board form an industrial committee to work with the local chamber of commerce toward bringing in industry.

In other business Tuesday night the board opened bids on a police squad car. These were turned over to the police committee for study.

Making offers were Drije Chevrolet-Oldsmobile, Lyons-Ryan Ford, (continued on page 5)

Children's Pictures To Start Next Week

Engravings of pictures taken in Antioch, Silver Lake and Paddock Lake this past winter of children in these areas have arrived at the News office and will be published starting next week.

These have been delayed by the engraving company and the Indiana photography firm that took the pictures.

The company also said that it had been delayed in sending them because people had not returned proofs of pictures as quick as they might have done.

People Petition Board to Slow Down Motorists

Antioch village board members gave a "go-ahead" to the track for "Go-Kart" enthusiasts under construction east of the Soo Line tracks off Anita avenue at a meeting Tuesday evening.

Representatives of the club assured the board and about a dozen people living on Ida avenue and Bishop street that the organization would do its best to run the track as it should be.

Residents of the area west of the Soo Line asked that something be done about cars traveling at what they called excessive speed along Ida avenue going to and from the track.

"They said it was endangering the lives of small children who play along the streets.

Club people said they couldn't control street traffic but they would cooperate with village officials as much as they could toward that end.

It was suggested that Ida avenue be blocked off from Main street to the railroad tracks to through traffic.

Indications were Tuesday evening that this would be done on a temporary basis while the track is in operation Sundays and Wednesdays, as planned now.

The racing club said it has insurance to cover itself, and spectators, but those racing would have to sign waivers.

The village board gave an okay to the track under certain conditions.

The club said a fence would be erected around the track and that a gate would be kept locked leading to it when the track is not in use.

Anyone on the track or the grounds inside the fence without authority will be banished from the organization.

A petition from about 20 residents of the Ida-Bishop street area was read at the beginning of the village board session asking for some kind of regulation of traffic on Ida avenue.

This petition was tabled by the village board.

Outstanding Boy and Girl Are Honored

The eighth annual Antioch Woman's club trophy to the outstanding boy and girl of the year has been awarded to Sharon Dittman and Robert Martin of the Antioch Township high school.

The school faculty by secret ballot makes the selection from the senior student membership to the National Honor society.

Selection is made on the basis of leadership, service, scholarship and character.

The official presentation of the trophy will be made to Sharon and Robert by the Woman's club at the annual "Honors Night" presentation at 7:30 p.m., May 23, in the school auditorium.

Sharon is the daughter of Mr. and Mrs. Albert Dittman and Robert is the son of Mr. and Mrs. Edward N. Martin.

Sharon will attend DePaul University this fall to prepare for elementary school teaching. Robert will enroll at Dartmouth college, Hanover, N. H., to study chemical engineering.

Other Woman's club trophy winners have been:

1953—Joan Corvenka and Charles Boc; 1954—Wendy Midgley and William Terry; 1955—Rosemary Wolfe and James McMillen; 1956—Lenore McCord and Jerome Meyer; 1957—Joan Mair and Jerry Huml; 1958—Joan Burton and Frank Perdon; 1959—Bryan Cain and Janet Keisler; 1960—Sharon Dittman and Robert Martin.

Motorists should hold their own lanes on superhighways. The few seconds gained by weaving from one lane to another are not worth the risk involved.

THE ANTIOCH TOWNSHIP HIGH SCHOOL BAND shown here will present its annual spring concert at 4:15 p.m. Sunday, May 8, in the high school auditorium under direction of its leader, Joseph T. Rush. Featured on the program along with the band will be four soloists, Penny Anderson, vocal; Sue Rower, pianist; Dan Eliechek, trumpet, and Pennie Storch, piccolo. Also appearing on the program

will be the high school dance band that will present three numbers. The concert will provide a wide variety of music by the concert band, including the March "Onward" by Luthold, "Paganini" by Patschett and "Manhattan" by Rogers and Hart. Tickets for the concert may be purchased from band students or at the door.

Clear the Track—Here Come the 'Karts'

Antioch small car enthusiasts received the green light from the Antioch village board last Friday evening to use land east of the Soo line tracks where boards for an ice hockey rink have been in place for some months, as a track for so-called Go-Karts.

There were certain conditions set up by the village board to protect both the village and participants or spectators of the sport. But in the main, the Bi-State Go-Kart club received what it wanted as far as the village trustees were concerned.

Sunday the enthusiasts were out in good force to clear the way for the miniature racers to "get going." Grass was cleared and some grading done to put the site in readiness.

The place would seem ideal from the point-of-view of location as it may be reached by at least three routes—Ida avenue, Anita avenue from Depot street and Anita avenue from route 173.

It may be a bit warm in the summer with no trees to protect spectators or competitors, but at least this fact did help the cause as club members did not have to cut down trees to clear the way.

We hear that Go-Kart drivers and/or owners will be required to install mufflers on their vehicles. And this should benefit people who might look on the track driving as a bit on the noisy side.

A suggestion that Ida avenue be closed on a temporary basis to through traffic during Go-Kart racing from Main street across the Soo Line tracks to Anita avenue seemed like a good idea.

This would help protect children living on Ida avenue and Bishop street.

Drainage Project to be Discussed At Venetian Village Meeting May 7

By Marion Hammit
Phone ELlet 6-5583

VENETIAN VILLAGE—President George Sebelia announced this week a representative of the Avon-Freemont Drainage district will address the next meeting of the Venetian Village Civic-association at 8 p. m. Saturday, May 7.

This speaker has been invited to discuss the effect that the proposed drainage project will have on Miltmore and Fourth lake.

Much concern has been felt by some residents over the present condition of these bodies of water.

President Sebelia and other officers are doing all in their power to find the cause, and a possible solution.

Since this topic is of interest to home owners in both Venetian Village and West Miltmore, an invitation is being extended to all residents in these areas to attend.

A six man first aid team was assembled from Boy Scout troop no. 88 on the morning of Sunday, May 1, and traveled to Meadowdale Raceway, where they functioned efficiently at time trials of the Village Sport Car club of Libertyville. Their fully equipped ambulance evoked much favorable comment, and fortunately was not needed for any injury.

The team consisted of Scoutmaster Hammit, Assistant Scoutmaster McGee and Scouts Craig Alderton, Dick Franzen, Robert Hammit and Mike McGee.

Various crews from this troop have also stood duty at the equestrian event of the Pan-American games, the Scout Klondike derby in Waukegan and the Explorer Ski-O-Ree in Wilmet.

Each of the participants have spent many hours in training and are always ready to help in any local emergency.

Plans are nearing completion for the annual rummage sale, to take place May 13, starting at 10 a. m., and May 14, at 11 a. m.

If you have anything to donate for the sale it may either be brought to the civic hall Saturday from 1 until 5 in the afternoon, or Wednesday, May 11 from 10 a. m. until 7 in the evening.

Items will be picked up if you will call Ellet 6-7470 or Ellet 6-5583.

"Never has so much good food been gathered in one place" was the comment most frequently heard at the Lake Villa P.T.A. Smorgasbord last Sunday. Decorations added to the festive air of the affair, and all the helpers functioned smoothly.

An enjoyable sidelight was the "Meatball Party" held at the home of Elaine Murawski. Elaine, Judy McGee and Lorraine Alfredson got together and in the course of the afternoon made over 1200 meatballs.

This happened the Thursday before the dinner, and the girls were mighty busy forming, cooking, cooling and freezing.

The Lake Villa Grade school band gained a first place in the state contest held at Peoria. Parent attendance was excellent, proving that the weather in no way dampened the spirits of the participants or their boosters.

New Brownie leader is Mrs. Juanita Moore, who will take over the troop from Mrs. Murawski.

Mrs. Moore has been a Brownie and Girl Scout leader in the past.

Miss Joyce Holleche, a former resident of Venetian Village, and James Ashman of Chicago were married at St. Matthew's church on April 24. Francine, sister of the bride, served as maid of honor.

Joyce and Francine are daughters of Mr. and Mrs. Frank Holleche, and granddaughters of Mrs. Holleche, all of whom make their home in this vicinity.

Others attending the wedding and the reception which followed were Mrs. Peter Holleche and boys and Mr. and Mrs. John Lodolce and children.

Get-well wishes are extended to Leonard (Babe) Carter and Clara Miller. Both have been in the hospital, and are now recuperating.

Mr. and Mrs. George Doyle, along with Mr. and Mrs. Val Prepodnik, enjoyed an evening of dancing in Antioch recently. Proceeds will benefit an adult softball team.

Mrs. Agnes Wilhelm played hostess to the Pinochle club last Tuesday and after serving them luncheon proceeded to win second prize. Mrs. Pearl Lewis won first and Dorothy Sweeney received the booby.

Agnes and Gen Schwalbe were visitors Wednesday at the home of Mr. and Mrs. Doyle in Waukegan. The Doyles having just returned from wintering in Florida, were celebrating Mrs. May Doyle's birthday.

Thursday she attended the funeral of a long time friend, Mrs. Theresa Wirtz in Chicago.

At the monthly P.T.A. meeting of April, the nominating committee headed by Mrs. Millar presented its slate of officers for election, and the following offices were filled: President, Mrs. Robert Murawski; vice president, Mrs. James Alfredson; recording secretary, Miss Eikstadt; corresponding secretary, Mrs. Earl Fager, and treasurer, Mr. Levins.

They will be installed at the May meeting, at which the main speaker will be Mr. Bradley, principal of the B. J. Hooper school speaking on the report card grading system.

Try-outs for Venetian Village and West Miltmore boys who would like to get into the Little League will be held Saturday, May 7, at 1 p. m.

Because of the wet condition of the regular diamond it may be necessary to change location for the tryouts.

If you have a boy interested in playing baseball with this league a phone call to Ted Flanagan, the president, at El. 6-5619 will inform you as to which site will be used.

Mr. and Mrs. Henry Cook observed their 25th wedding anniversary on April 27, but the celebration came the following Saturday when they were feted with a surprise party during the evening, at their home.

Among the unexpected guests were Mr. and Mrs. Kenneth Moore and family, Mr. and Mrs. Walter Novak and daughters, Mrs. Elsie Klick, Mr. and Mrs. George Lawson and children and Fred Bricker.

The visitors brought with them all the refreshments needed for such an occasion and a foil covered reed basket contained an undisclosed number of silver dollars, as

DEAR EDITOR Your Letters

(Editor's Note: This is being published by the Antioch News as a letter to the editor as a public service. The letter speaks for itself.)

April 24, 1960

Dear Lake Countian:

Would you feel safe if the firemen and policemen in your city and the driver of your children's school bus no longer received Red Cross first aid?

Do you feel qualified to give your family the water safety training that is now available to all Lake countians through Red Cross?

These are some of the questions that you must consider because the Lake county chapter of the American Red Cross is faced with a serious financial situation.

Red Cross needs \$146,125 to operate during fiscal year 1961 which begins on July 1. To date, only \$66,546.75 has been raised.

By law, Red Cross must maintain a disaster program and must provide assistance for servicemen and veterans. All other programs are optional and may be curtailed or dropped when financial support is lacking.

How can an organization decide

whether it is more important to save a person's life through first aid or teach a child how to swim? The organization doesn't decide; it is the individuals belonging to it who do the deciding either by giving it their fullest support or by not giving.

It is true that Red Cross must maintain a disaster program to combat occurrences such as the recent floods here in Lake county.

But how many volunteers can be expected to go on working for an organization that does not have the support of the people?

And the biggest percentage of the work done during the floods by Red Cross was performed by volunteers, as is the case in most Red Cross operations.

This then is your decision; the Lake county Red Cross must meet its fund quota to adequately maintain its present programs and services.

The only way it can be done is with your generous support.

Please mail your contribution to the American Red Cross, c/o Postmaster, Waukegan, and do it today.

Lack of Labor.....

and Don Pittman Motors.

Village engineer estimated the cost of extending a 6-inch water main from a hydrant on Depot street under the Soo Line tracks for about 400 feet to near a warehouse owned by Harry Kearns at \$2,956.

The Board voted to make a final offer of \$18,000 for 10 acres of land owned by Mrs. Charles Ackerman to be used for expanding the sewage plant.

The village would agree to allow a 60-foot wide strip to be used as a road leading to her remaining property.

(A report in another newspaper listed the offer at \$1,800 instead of \$18,000.)

The board voted 5-1 to make the \$18,000 offer with Bernard Osmond opposing.

If this village offer is turned down, the village board decided, it will press for condemnation proceedings.

Mayor Murrill Cunningham reappointed all present village officials and also board of trustees standing committees.

Friday evening at an adjourned board session, liquor licenses were renewed for all local places.

Two men representing a proposed Calvary Baptist church in Antioch asked for permission to establish such a church on the Earl Horton property on North avenue.

The house now located there would be used, perhaps as a parsonage, and the large garage would be made into a small church edifice.

A paper presented by the men was read. It had been signed by some of the nearby residents as agreeing to such a church.

However, village board members said they felt more people living in the area should be contacted and suggested the men do this. The matter was turned over to a trustees' committee for study.

Lindenhurst Community News

By Mrs. Bernice Bernau

LINDENHURST — Ivy league league no. 15 had a very successful meeting last Friday evening in the Lindenhurst village hall when Mrs. Phyllis Mayer of Chicago held her audience's attention as she talked about Dr. Andrew Ivy.

She told of a book that she said all people should read, entitled "A Matter of Life or Death"—"The Incredible Story of Krebiozen," written by Herbert Bailey. Copies are available at most public libraries.

A question and answer period followed her talk. Members are now looking forward to the next Ivy league meeting to be held May 20 at the Lake Villa Grade school when more speakers will be heard.

(Editor's Note: The following news from the Lindenhurst community had to be eliminated from last week's News due to lack of room. For that reason most of it is written as if it happened a couple of weeks ago.)

The Ladies auxiliary to the Lindenhurst Men's club will have its annual card party Tuesday, May 17, at the Lake Villa school. Mrs. Georgia Matthies of Thornwood drive is working hard getting donations of prizes.

The auxiliary is having a bake sale at Thor's Shell station on Grand avenue, Saturday, April 23. The ladies will be there 10 a.m. to 5 p.m.

Mrs. Jennie Volpentesta of Sand Lake road, Elliot 6-7885, is in charge.

There will be coffee cakes, layer cakes, Boston Brown bread, home made white bread and many other goodies.

Mr. and Mrs. James Hartwig of Sand Lake road recently christened their new arrival, Daniel Ralph, at Prince of Peace church. Mr. and Mrs. Anthony DiCristo of Milwaukee were sponsors.

Guests at the christening party were Susan and Christine DiCristo, Mr. and Mrs. Volpentesta of Morton Grove, Mrs. Jenny Volpentesta, (Babe's mother who lives with the Hartwigs), Mr. and Mrs. Charles Cianeco of Sand Lake road and Mr. and Mrs. Doug Sanders of Elmwood drive. The Hartwigs have three other children, Kathy, Michael and David.

Lynn Dirksen recently celebrated her 11th birthday. She is the daughter of Henry and Harriet Dirksen of Sprucewood lane. She had a few of her girl friends over after school. They were Carol LaBarbera, Nancy Kemksi and Gloria Lara. The girls had fun dropping clothes pins in a bottle, playing pantomime and walking with a potato on a knife. The winners of the games received prizes. Lynn also has a sister, Janet, 9, and a brother, Danny 8, who joined in the games and refreshments.

Congratulations, also, to another couple and their family, Mr. and Mrs. John Davis, of Hazelwood drive. They celebrated their 19th wedding anniversary Thursday, April 21. John and Clara have four children, Larry, Michael, Christine and Ricky.

Mr. and Mrs. Harold Gnoske of Briar Lane are parents of a son, Eric Tad, born April 16 at St. Therese hospital. He was born at 1:52 p.m. and weighed 7 lbs. 13 ounces at birth. Harold and Kay have an-

other son, Kurt, almost three years old.

Mrs. Sam Loblillo of Countryside lane was guest at a stork shower given by Mrs. Herbert Bechtol of Whitewood lane Monday, April 18. The house was decorated in pink and white. The Loblillos have three other children, Patricia, Steven and Frank.

Mrs. Loblillo is a member of the Lindenhurst Garden club, so Mrs. Bechtol told her they were having a meeting at her home that night. She was surprised when she found out that she was the one the meeting was for.

The ladies who helped make the shower a surprise were Mrs. Walter Baier, Mrs. Dominick DiSilvestro, Mrs. Gus Fabry, Mrs. Bert Langgager, Mrs. Lee Lewis, Mrs. Donald Ringsteyer, Mrs. Steve Roman, Mrs. George Skelton, Mrs. Andrew Westberg, Mrs. Robert Meier, Mrs. Eugene Barnes, Mrs. Anthony Proce, Mrs. Louis Swoboda, Mrs. Thomas Hay and Mrs. William Baumgartner.

Georgia Matthies, Lou Stanley, Bernice Frontzak, Lois Flanagan and Grace Slove attended a party April 25 given by the Deep Lake association.

Mrs. Bernice Mindak of Chicago spent last weekend visiting her son, Frank and his wife Helen, of Hawthorne drive. She took care of Dawn, Amy, David, and Dale while Frank and Helen attended a dance Saturday evening given by the Lindenhurst Men's club.

While talking with Mrs. Ella Schrottland of White Oak drive, she found out that they lived only a block apart, when Mrs. Schrottland lived in Chicago. There they never met.

Alison Leigh Magill of Burr Oak lane had a birthday party Friday, April 22. She was five years old. Debbie Anderson, Barbara Pfisterer, Karen Nelson, Regina Henry and Anita Papnzysa shared the party fun and cake. Karen and Barbara won prizes. Alison has a brother, Victor, and a sister, Aileen.

JUST FISHING. This is the usual weekend scene at the Wilmet dam on the Fox River as many, many people line up along both sides of the stream to try their luck. During the recent floods this sport would have been impossible at this site as water was an estimated 3 feet deep going over the dam and flooding land on all sides of it. A road just out of camera range at the right runs off the Wilmet road on the east side of the Fox River bridge to this site.

Color Dispensing Machine Installed At Roblin's Store

Roblin Hardware of Antioch recently announced the arrival of an amazing new color dispensing machine capable of producing thousands of beautiful paint colors right before your eyes quickly, accurately and economically.

According to Roblin this latest advance in the paint field now makes it possible for him to produce in his store the exact color you desire in any inside or outside paint finish.

Roblin reports this new machine is part of a completely new color

system called "The Spectral Range." It has been created by "Dutch Boy" after years of painstaking research to give the paint consumer a greater number of better colors to choose from with both convenience and economy.

This new system for the first time makes it possible for the paint consumer to make a selection from a complete range of color shades in every color family.

The basic merchandising aid in the spectral range color system is a 50-page color album which contains a chromatic breakdown of thousands of color chips, a detailed explanation of color and its uses together with a dictionary of frequently used color names.

According to Roblin the spectral range color system is the most complete, the most effective color system in the industry today.

Boat Launching, Pier Facilities At Fox Lake Hills Are Discussed

By Jim Jankowisk

FOX LAKE HILLS Correspondent

The special boat committee, headed by Fox Lake Hills Property Owners' Association vice president Buzz Carpenter, has drawn up a set of specific recommendations for boat launching and docking facilities in the Hills.

Residents could employ all the available space on the main pier in Unit 1 for docking purposes. Similar proposals were made for the Beachhouse area in Unit 2.

The plan has been set in motion in Unit 1 at this writing. Several piers have already been erected in the locations called for in the plan.

Another recommendation by the committee was that a community pier be designated at each launching area. Purpose of this pier would be to enable those persons who bring boats on trailers to have a place to embark and land.

Six trees have been planted at the Unit 1 beach. When grown, they will offer shade to people visiting the beach. Similar plantings were to be made in Unit 2, but it was cited that there are already enough trees in that area.

The Fox Lake Hills auxiliary held its second annual tea with about 75 persons in attendance. Decorations for the table included gladiolus and iris with white mums.

Refreshments included a sandwich loaf and individual cakes in pink, green, white and other pastel colors. The centerpiece was made by Mrs. Isabel McCormick.

The committee in charge of the tea was Nancy Herdrich, Bernice Savage, Corrine Coleman, Joan Anderson, Pat McLeod, Grace Weathers, Isabel McCormick, Jan Carpenter and Arlene Cetner.

A spring dance will be held Saturday evening, May 7, at 8. The dance committee, headed by chairman Jan Carpenter, has been working to finish last minute details.

The location of the dance will be the Fox Lake Legion hall on North route 12. Everyone in the Hills, their guests and friends in fact everybody who cares to attend will be welcome. Music will be furnished by the Mel Spooner band. Tickets will be available from the women in the Fox Lake Ladies' Auxiliary or at the door.

The regular meeting of the auxiliary was held May 4. The nominating committee was to reveal women who have been selected candidates for elective offices of the club.

The Hills Sports club held its monthly meeting this week, the place being Ray's Resort and the time 7:30 p. m., Thursday, May 5. The important action for that evening will center around a softball team which is being organized among men in the subdivision.

The team will play in the same league as it did last year, namely the one up at the Golfview motel just north of Antioch.

Any person in the Hills interested in joining the team to be present at the Sports club meeting. It is not necessary to be a club member to play on the team.

Dave Finley and two helpers will start to clean up the beaches in the Hills. This will begin as soon as time and weather permits.

Julie Chonis, the Fox Lake Hills

Property Owners association secretary, is attending a state-wide planning conference at the University of Illinois this week. She is representing the Lake County Federation of Improvement associations.

Roads in the subdivision are bad in many places. It is urged that residents exercise a bit of caution while driving through the bad spots. In recent weeks, several people have had to be towed out of ditches and ruts.

Many others have caused damage to the undersides of their cars when they scraped bottom in some of the ruts.

ATHS Students Tour Abbott Laboratories

Twenty students from Antioch Township High school, under the leadership of Allen Knurr, took a field trip to the Abbott Laboratories last Wednesday.

The program began with talks from different scientists on how they began in the field of science, what the work consisted of and the education needed for their work. Scientists conducted tours through the buildings and explained the making of pills and the bottling of medicine.

A free meal was served at noon in the atmosphere of the firm's cafeteria. After lunch the tours were resumed, followed by a movie.

Will Lead Panel

Albert Dittman, principal at Antioch Township high school, will be moderator of a panel at the state convention on teacher education in professional standards in high schools Saturday.

This convention will be held all day Saturday at the University of Illinois in Champaign.

Softball Season to Open Saturday Night, May 14

Opening night of Lake Keno Softball league will be held Saturday evening, May 14, at 7:30 with entertainment of all kinds, including music, new grandstands for seating the crowds and new lighting. Extra parking facilities also have been provided at Huff's baseball park on route 83 two miles north of Antioch in Wisconsin.

Featured attraction will be the appearance of "Shiek Abdul One Pitch" of Saudi Arabia, world's greatest softball pitcher, who will face Les Huff's Golfview motelmens. The "sheik", whose intricate pitching has marveled all who have seen him, will be supported by Mazzuca's State Farm Insurance team (old men plus one).

This year's Golfview Motel team will be led by manager Ron Vos and will feature the pitching of Jack Larson and Whitey Lindstrom, and the big bats of Bob Oddson, Phil Vos, Jay Bolton and Jack Palmer. The insurance team will feature players age 35 and older, veterans of many years experience in "slow pitch" games. It will be managed by the youngest veteran in softball circles Dan (barefoot) Seyfarth, 18-years-old.

Next week there will be more information on other league teams, including Thom-Eric, 1959 champs; Fox Lake Merchants, Fox Lake Hills Sportsmen's club, Jim Brodie's Sin-

clair Service, Pat's Lounge of Long Lake, Joe's Tap of Lake Villa, (formerly Lake Villa VFW) and Sterbenz's Loon Lake garage.

Regular season play will open Tuesday, May 17, but a schedule of games for that evening was not available this week.

Speedway Opens At Waukegan on Sunday, May 8

With the season opener for the modified stocks just around the corner, the Waukegan Speedway opened its gates Sunday afternoon for drivers to test their new equipment prior to the official opening Sunday night, May 8.

Some 30 cars and drivers made their appearance throughout the five-hour session that the track was open.

They put their cars through the paces in order to iron out the "bugs" and have them in top running order for next Sunday.

Several spinouts occurred but the most unfortunate was Paul Hollister of Northbrook, Ill., who smacked the south turn wall when a wheel hung on his frame work and he lost control of his vehicle.

Hollister was not injured but the entire front end of the machine will have to be repaired in order to compete Sunday.

Gordy Gorman, Libertyville, turned in the fastest time of the day, averaging 50.05 m.p.h. on the hard clay surface.

Opening night is expected to draw some 40 to 50 automobiles, and among them will be many of the old time favorites along with many newcomers.

Among these will be Eddie Stillman, Len Kannie, Kenosha; Bob Rataczek, Milwaukee; Dick Renahan, Grayslake; Bob Grodz of Round Lake, Ron Vanderspool, Grayslake; Jack Frost, Zion; Art Reeves and Gorman, Libertyville, and Miles Melius of Slinger, Wis.

Hollister said his car would also be repaired in time for Sunday's events.

The gates to the speedway will officially open at 6 p.m. on Sunday, May 8. Time trials are scheduled for 7:15 with the first of the racing beginning at 8:30.

The program will consist of four, ten lap heats, a 15 lap semi and a 25 lap windup.

Extra added attractions, of a varying nature will take place throughout the racing season.

The speedway is located on West Washington street, between Green Bay road and Skokie highway in Waukegan.

LAKE VILLAGE—Tryouts for all boys who registered in Lake Villa for the Lake Villa Township junior baseball league April 23 and 24 will be held at 1 p. m. Saturday, May 7, in Lehmann park in Lake Villa.

Ted Flanagan of Briar lane, Lindenhurst, is president. He said that 103 boys have registered for the Little League team and 47 have signed up for the Pony League.

Boaters Observe Truck Speeds on Illinois Roads

Illinois' bays, lakes and rivers are dotted with small craft owned by those who are finding more leisure—and money—to enjoy this vacation pastime.

The international statistical bureau reports that the average family, helped perhaps by more than one person working, had an income in excess of \$6,000.

This means more to spend and a higher standard of living. The "extra" is being spent on what once was an exclusive sport.

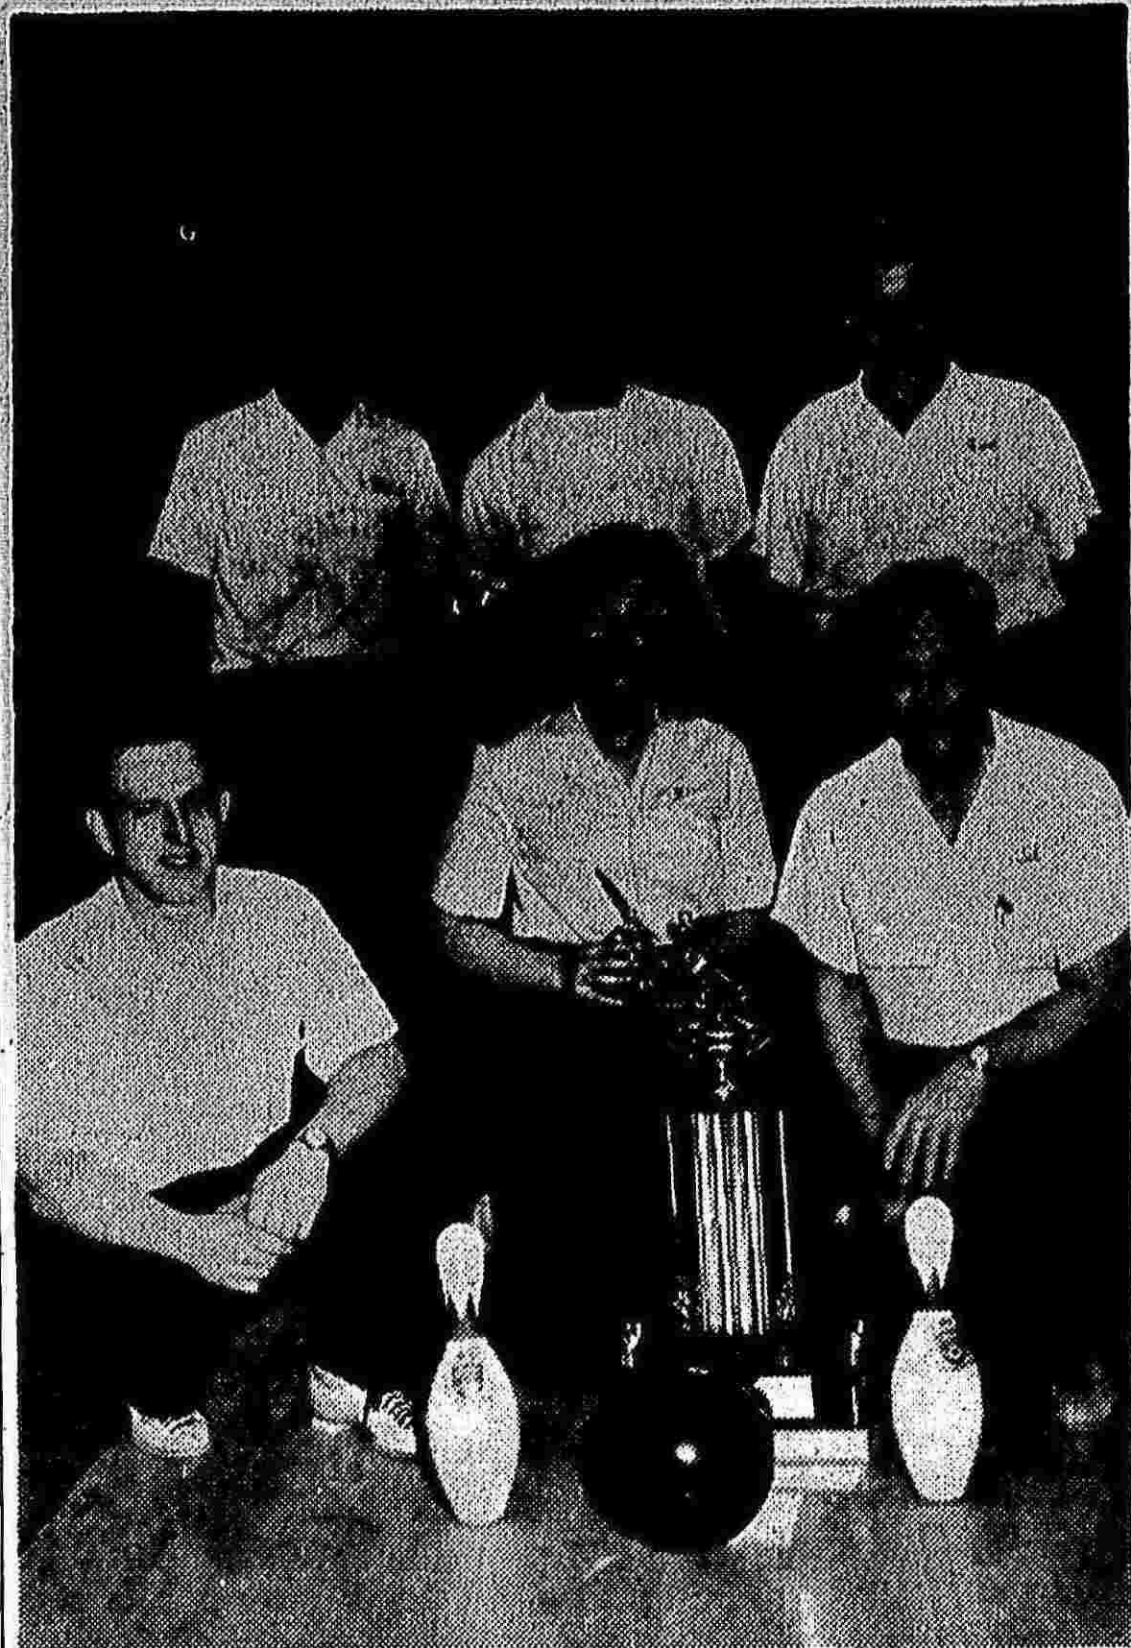

All crafts operating on navigable waters in Illinois must be registered in accordance with new regulations adopted by the last general assembly.

This program conforms with federal regulations. Information may be obtained from the Illinois department of conservation, Springfield, or through a local marine supplier.

The departmental information service offers a word of caution: when transporting a boat on Illinois highways, truck speeds must be observed.

Maximum speed for car-trailer combinations weighing less than 8,000 pounds is 55 m.p.h. For combinations over 8,000 pounds the limit is 50 m.p.h.

These speeds apply to all combinations regardless of the number of wheels on the trailer.

BOWLING CHAMPIONS (Ted's Radio & TV of Antioch) in the Wednesday Night Businessmen's league are shown after taking top honors at the Antioch Bowl alleys. Water Patrol Takes Course

FOX LAKE—The American Red Cross recently held a series of first aid refresher classes here for the Chain-O-Lakes water patrol, conducted by certified instructor Angelo Castellani of Lotus Woods.

Castellani, who also holds the rank of sergeant in the patrol, pointed out that the refresher class is for members who have completed Red Cross training earlier.

New members of the patrol are required to take both the regular and advanced first aid Red Cross courses.

The Chain-O-Lakes water patrol is a water-borne unit and renders first aid as needed on the water or shore.

It yields jurisdiction to the local fire departments and rescue units as soon as they arrive on the scene, Castellani pointed out.

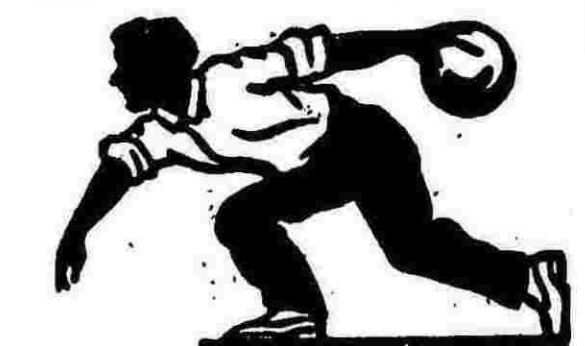

General first aid measures have been taken up, with emphasis on water emergencies.

Sound Adds Fun
to Home Movies

The never-to-be forgotten roar of Niagara Falls, the unique blast of a ship's horn, the clatter and hoot of the train, and the many other memorable sounds heard by the honeymooning couple on their trip now can be preserved right along with the movie record of the honeymoon.

With the Bolex Sonorizer the returning couple can add sound to the movie footage they shot during the trip. What's more, they can add the sound after the film is developed and the bad shots edited out.

Then, in the comfort of their home and at their leisure, pre-recorded sound effects available on records or background music can be added right along with the still memory-fresh commentary of the breathless bride. Imagine how much more effective the honeymoon film will be when you can hear as well as see Niagara Falls.

And "Sonorizing" the film is easy. Once the processed film is edited, the very thin magnetic stripe is put on the film, outside the perforation holes. Then the Bolex Sonorizer is set up, and the projector—almost any Bolex projector may be used—is placed on the flat top of the Sonorizer's amplifier. The speaker—the compact two-piece Sonorizer case separates into the loudspeaker and amplifier units—is set anywhere in the room. The film is threaded first through the Sonorizer soundhead, then through projector in the usual manner.

The first time the film is run through the unit the musical background can be recorded. Then, on a second run-through, sound effects and the commentary may be superimposed, or overplayed at the touch of a "trick" button on the Sonorizer's microphone or on the remote control button. When this button is depressed the originally recorded music fades down automatically to a low background level, so the sound effect or commentary can be heard at full volume. When the button is released the music again automatically comes up to full volume.

Available at all franchised Bolex dealers, the complete Sonorizer—amplifier, loudspeaker, microphone, extension cords, remote control overplay button, and soundhead sells for \$250.00.

State Bank won two games from Cox's Corners.

Murphy Predicts 2-Week Session Of Legislature

A two week special session of the Illinois general assembly was predicted by State Representative W. J. Murphy of Antioch Monday as he left for Springfield to answer the special call issued by Gov. William G. Stratton.

In making his prediction Rep. Murphy said, "I think both Gov. Stratton and Mayor (Richard J. Daley of Chicago, realize that the people of Illinois expect reasonable and prompt action on the Chicago police problem and will not tolerate political maneuvering on the part of either official."

Most observers predict a slam bang political battle between the Republicans, headed by the governor, and the Democrats, headed by the Chicago mayor, over the Chicago police question which centers on legislation to remove Chicago police from political control.

"It's my guess they will get together on some solution before the legislature convenes so we can proceed with the other business of the call," Rep. Murphy opined.

"The Democrats control the house," Murphy pointed out, "and will probably block consideration of any other matters until the police matter is settled so Gov. Stratton can't hope to get much political publicity out of a prolonged session."

The deficiency appropriation for public aid should go through with little trouble, Murphy said, adding, "I don't see much chance of a battle over the proposal to raise the population limit so that Lake and DuPage counties can retain their elected county auditors."

An opinion from Attorney General Grenville Beardsley just before the primary election stated that in counties with a population in excess of 300,000 the county board shall remove the office of county auditor from the ballot and shall appoint an auditor of public accounts.

Commenting on changes in the justice of the peace reform bill slated for discussion during the special session Rep. Murphy said the legislature probably would extend the time of compliance so the whole legislation can be reviewed in order to eliminate weaknesses discovered since the reform was passed.

'Come As You Are Party' Enjoyed At Lindenhurst Home; Other News

By Mrs. Bernice Bernau
Phone Elliot 6-5649

LINDENHURST — A Come-As-You-Are-Breakfast was served at Lu Stanley's home on Sand Lake road Monday morning. You never saw so many women with their hair uncombed, no make-up or completely dressed.

Caught quite unprepared were Vi Selzer, Ann Lance, Jonny Volpentesta and Ronnie Sanders. No one knew where they were being taken to when Grace Slove picked them up.

It turned out to be an impromptu Dr. Ivy Cancer League No. 15 meeting with the ways and means chairman, Lee Amore of Grand avenue taking over, and ideas for money making projects were discussed.

The ladies are going to learn to knit under Lee's instructions, and will make an afghan.

Ladies present were Ann Zandier, Dorothy Verdick, Bernice Bernau, Lois Flanagan, Ida DiSomer, Bernice Frontzak and Georgia Matthias. They left at 10:30, but Lois Flanagan, Ida DiSomer, and Bernice Frontzak stayed to have their regu-

lar Monday luncheon and card game.

Mrs. Jenny Volpentesta of Sand Lake road has set up a May altar in honor of the Blessed Virgin, in the front room of her home. This is the 36th year she has prepared an altar.

This year it is decorated in blue and white. Mrs. Volpentesta invites all to see it any time during the month of May.

Mr. and Mrs. John Sutherland of Hickory Drive and Mr. and Mrs. Leland Hansen of Sprucewood lane drove to Peoria April 30 to hear Stanley and Larry play in the state band contest.

Lake Villa school received a first division rating. They do not compete against other bands. All bands are eligible to receive a first, if they meet certain standards.

Valerio-Flach

Under an arbor of roses and lily of the valley, Miss Camille Valerio and Herb Flach, both of Chicago, were married Saturday, April 30.

The wedding took place at 1 p.m. in the living room of Mike and Viv Fidanzo of Hazelwood drive. The ceremony was performed by magistrate Ray Caldwell of Old Elm road. The bride wore an orchid street length dress with a white orchid corsage. Her matron of honor, Viv Fidanzo, wore a pink eyelet street length dress, with a white carnation corsage.

Best man was Dave Schram of Skokie. The men wore dark suits with white ties, and white carnation boutonnieres.

The bride's mother, Mrs. Rose Valerio of Chicago, was gowned in pink lace street length dress.

Guests at the wedding were Mr. and Mrs. Jerry Naponelli of Chicago. (They were married in the Fidanzo home in February also); Miss Marlene Quinn of Chicago (Dave's fiancée), Vita and Mickey Fidanzo and Mrs. Bernice Bernau.

The wedding party had supper at the Belvidere house in Chicago. Viv made the wedding cake, complete with the bride and groom decorations on top.

The newlyweds will honeymoon in Wisconsin for a few days and return to Chicago to live.

A very gala party was celebrated May 1 for Bill Bernau of White Oak drive, to mark his 12th birthday. Relatives came from all over.

Bill's great aunt and uncle, Mr. and Mrs. Arthur Cowen from West-

I would appreciate having you call me and give the correct spelling, as I don't want to continue misspelling it.

Jeannie Flanagan, 5, of Briar Lane, fell down April 27, and cut her hand on a sharp rock. Her mother, Lois, drove her to the clinic in Antioch, where one stitch was put in her hand, and she was given a tetanus shot.

Board Approves Special County School Program

The special education program to help handicapped children that had been approved earlier under its tentative agreement, was given final okay at a meeting of the Antioch Township high school board last Wednesday.

A revised proposal aroused considerable discussion pro and con before it finally was approved for one year. It will cost the high school district \$712 for the first year, or \$1 for each registered pupil at ATHS.

Mrs. Ruth Seyfarth, secretary of the board, was named as a delegate to the county's special education program.

Overhauling of the high school's lawn equipment was recommended by a board committee consisting of Boyd Osmond and Dr. Richard Ripley. This recommendation was approved by the board.

Board members also approved a proposed trip by the senior class on May 26 by boat from Milwaukee across Lake Michigan and back to Milwaukee, with buses taking the students and adults both ways.

Three buses would be used with some faculty members and parents going along to help. The board approved also a proposal that the board see that transportation back to Antioch is furnished.

A private bus firm will transport the visitors to Milwaukee.

Osmond, Mrs. Seyfarth and Bill Brook were named by board president Robert Denman to a requisition committee. Appointed to a finance committee by Denman were Roger Proise, Dr. Ripley and Milburn Cain.

The board also okayed erection of a sign "Home of the Fighting Sequoias" on the outside of the building. This was requested by the student council. The cost will be paid by the council.

LAKE COUNTY MUSEUM of History, located on the Wadsworth road just east of U.S. highway 45, opened Sunday, April 29, with emphasis this year on the county's participation in the Civil War. The museum is incorporated as a non-profit organization and continues to exist through money brought in by a store, trout ponds, admissions and private donations. It is open from May to Nov. 1. Tuesdays through Saturdays at 10 a.m. and noon on Sunday. The museum is closed on Mondays.

County History Museum Opened For 1960 Season; Many Exhibits

The lid opened Sunday, April 29, on the county's treasure chest of the past—the Lake County Museum of History.

Called one of the best by Midwest historians, the museum is located on Wadsworth road just east of Rte. 41.

This year the emphasis will be on Lake County's participation in the Civil War.

"About half of the museum will be devoted to the war between the states because we are approaching the 100th anniversary of that conflict," Museum director Robert Vogel said.

Other exhibits range from prehistoric Indian bones to personal effects of northern Illinois pioneers.

The museum strives for two things—authenticity and excitement.

"We try to tell the true story in a way that is interesting so people will enjoy themselves while studying history," Vogel said.

Permanent exhibits include life-size dioramas of a log cabin furnished with articles used by pioneers or the area: a blacksmith shop with the tools and bellows used by a Russell, Ill., blacksmith; a general store with an old coffee grinder, open bins and a rural post office; and a scene from the Spanish American War, complete with a real Gatling gun.

Other collections include displays of Indian cultures, a parade of horse drawn vehicles, an old music store, medical instruments and a replica of a tile factory that was once on the museum grounds.

In the archives are thousands of rare books, documents and photographs. Many are more than 100 years old. Some have never been completely studied.

The museum staff also goes on field trips throughout the year to study and interpret historical finds in the county. And during the year, the museum conducts an old-time threshing bee and several weapons shoots with old firearms.

The threshing bee and the shooting are open to the public. Under the museum building itself are three trout ponds where sportsmen can battle rainbow trout in from Missouri and Idaho in special tank trucks and a picnic grove for families that want to eat their lunch there.

The museum is incorporated as a non-profit institution and continues to exist only through money brought in by the store, the trout

ponds, admissions and private donations.

The museum is open from May 1 to November 1.

Hours on Tuesday through Saturdays are from 10 a. m. to 5 p. m. between May and July 1; from 10 a. m. to 8 p. m. July 1 to Aug. 31; and from 10 a. m. to 5 p. m. Sept. 1 to Nov. 1.

Sundays the museum opens at noon but closes the same time as on weekdays. It is closed Mondays.

4-H's Eye Gardening Projects and Awards

The arrival of spring is a signal for "green thumb" claimants to get out the seed catalogs and dust off the garden tools.

For 4-H club members, spring also marks the beginning of gardening projects which could bring rich rewards next fall.

Among them are a \$400 scholarship, a wonderful week at the National 4-H Club congress in Chicago, and a handsome wristwatch.

The specific 4-H award programs are garden and beautification of home grounds, according to the cooperative extension service. Either one may be carried on in town or on the farm.

Information regarding 4-H Club work may be obtained from the state extension office or the Lake County extension agent.

Anderson Seeking Post On Democratic Ticket

SALEM, Wis.—William M. Anderson of route 1, has announced that he again will seek his party's nomination for the office of register of deeds in the fall.

In making announcement of his candidacy on the Democratic ticket, he first thanked party members for their encouragement and "fine support" they rendered in his last campaign.

Anderson then urged members to do all in their power to support, and to encourage their friends throughout the state to support, a "very fine bill" known to all as the "Forand Bill" that calls for medical aid allowances to those drawing social security.

Anderson, who ran for the same office in 1958, came within a small margin of about 200 votes of unseating the incumbent of 16 years, Republican Harold Schend.
